

Creating specto.eagle.io User Profile

Welcome to specto.eagle.io, the web-based data visualization system hosted by Specto Technology. Please follow the two simple steps below to create your eagle.io profile so you can start to enjoy the functions and features that eagle.io offers.

STEP 1

When you are added to specto.eagle.io, an invitation email will be sent to the email address you provided. Please click on the "Get started" button in the invitation email from specto.eagle.io.

STEP 2

You will be directed to the "Set up your user profile" screen for you to enter the below information:

- Your name
- Phone number A valid phone number is required to receive SMS notifications. Please enter full international number. eg. +61407000001
- Timezone Select the timezone you would like to use for displaying data in eagle.io.
 Eagle.io stores all data in UTC time but all charts, tables and notifications will be displayed in your timezone regardless of the data's origin.
- Password
